Why McShane's ???

*We really care and we would never cut corners
and sacrifice quality.*

*If we don't love it we would never ask you to
try it.*

*We could buy store made sauces and
dressings and use that in our food. No way.
We make them special for you.*

*We taste every ingredient and if it's not real
good, it goes to someone else.*

*So if taste and quality mean as much to the
people you care about as it does to us, then
there's the answer.*
